KEEP's mission is to initiate and facilitate the development, dissemination, implementation, and evaluation of energy education programs within Wisconsin schools.

NRES 732

Doable Renewables:

Renewable Energy Education in the Classroom

One Graduate Credit for \$75!

Doable Renewables is coming to your area! This course offers the next step in renewable energy hands-on activities, class discussions, and classroom based application to help teachers analyze energy information and create strategies and techniques to enhance their students' understanding of energy. The course will highlight renewable energy curriculum designed for K-12 teachers to use in their classroom.

Location/Dates Mead Education & Visitor Center, S2148 County Rd S, Milladore, WI 54454
Friday, April 3 4:30 PM - 8:30 PM
Saturday, April 4 8:30 AM - 4:30 PM
Sunday, April 5 8:30 AM - 12:30 PM

Instructor Gelhaus

Course Fee ~~\$425~~ **\$75** (graduate credit)

Participants are responsible for paying the \$75 fee, attending the course, peer teaching from the *KEEP Renewable Energy Supplement* during the course, and completing a class assignment to be turned in by an arranged date after the course. The assignment is designed to have teachers create a product that will support their efforts to integrate renewable energy concepts into their classroom lessons.

Scholarships Provided by Focus on Energy and Friends of Mead

Focus on Energy and Friends of Mead are providing **\$350 scholarships** to participants who are practicing K-12 teachers from schools in their service territory. Participants pay \$75; 1 graduate credit from UWSP and all materials are covered.
